Keeping you safe...

As we continue to go through this difficult time, it is our commitment to ensure you can travel safely on our buses.

All our drivers have undergone safety inductions including preparing their bus after every journey with anti-bacterial wipes and sprays.

There are screens across the cab areas & we urge all our passengers to make use of the hand sanitiser placed on each bus.

Cleaning at night

All our buses receive a deep clean each evening and use of anti-bacterial spray before parking at the end of each day.

Safety is paramount

It is strongly advised face coverings are worn whilst travelling on our buses.

We would ask all passengers to pay contactless where you can. Cash is accepted but please try & have the correct amount to pay for your journey.
