## **Kings' School Winchester GCSEs 2025**

This year's GCSE results are still being finalised. Please accept this statement, below, issued by Kings' on results day as an interim until our statistics are ready to be published:

*Kings' School is incredibly proud to celebrate the outstanding achievements of our Year 11 pupils in this year's GCSE results. Our pupils continue to achieve standards which are significantly above national levels.*

*29% of our students earned at least one grade 9, reflecting our ambition for the highest academic standards. Notably, nine pupils achieved seven or more grade 9s, reflecting both individual brilliance and our culture of high aspiration. In core subjects, results were equally impressive: 70% of the cohort secured at least a grade 5 in English or Maths, while one-third achieved grade 7 or higher in these key areas. The average grade remains strong, consistent with last year's performance, at a Grade 6.*

*These outcomes are a testament to the ambition and resilience shown by our students, supported by their parents and the dedication of our staff who continue to foster an environment where every pupil can flourish.*

*Beyond the grades, we are confident that our students leave Kings' equipped not only with academic success but with the exceptional character, integrity, and determination that will serve them well in the years ahead. Whether heading to college, apprenticeships or other exciting ventures, they carry with them the values and experiences that define our school community.*

*To the Kings' School Leavers of 2025—we are incredibly proud of all you've accomplished and wish you every success as you take your next steps. Your future is bright, and we look forward to hearing of your continued achievements.*
