Letter of Understanding between EBP South and Employers Providing Work Experience

To ensure that the principle conditions of the Work Experience Programme and the arrangements between the Employer and EBP South are fully understood, Employers are asked to confirm acceptance of the following essential points.

- 1. The student will carry out worthwhile and meaningful work, as described in the agreed job description. The employer will ensure that the work is planned by a responsible person. The student will be given an effective Health and Safety induction before starting work and will receive appropriate instructions and supervision during the period of work experience.
- 2. Supervision will be provided by a suitable, responsible and competent named person.
- 3. The employer will ensure that the student does not operate machinery unless adequate instruction and competent supervision can be provided for it to be used safely. The employer shall not require the student to carry out work of an unsuitable or inappropriate nature. The employer will ensure that the student wears protective or special clothing/protective equipment as and when necessary. All prohibitions will be recorded on or attached to the Job Description / Health and Safety Statement.
- 4. The employer will inform EBP South if there have been any significant changes since the last use of the work placement.
- 5. The student will not receive any payment for their work. Employers are not obliged to assist with expenses but may, if they so wish, make a contribution directly to the student towards the extra cost of meals and travel expenses.
- 6. The student will work the hours shown on the Work Experience Own Placement Form / Agreement Form.
- 7. The student will be required by EBP South to sign an Agreement stating that they will
 - not disclose any information confidential to the employer
 - follow all safety, security and other instructions given by the employer
 - pass on to their parents or carers any information from the employer regarding arrangements for their personal health, safety or welfare (including Risk Assessment information)
- 8. The student's parent/carer will confirm that they do not suffer from any complaint which may cause a hazard either to the student or those working with them. The school will be required to inform the employer of any known details requiring special attention in order to secure a successful placement.
- 9. The employer undertakes to ensure appropriate Employer's Liability Insurance cover against accident or injury caused to the student by the negligence of the employer or the employer's staff. The employer will accept (by way of insurance or otherwise) liability for loss, damage or injury caused by the student in carrying out the tasks allocated to them in accordance with the employer's instructions.
- 10. All parties, in accordance with normal practice, will observe all current relevant legislation, including approved codes of practice relating to Health and Safety, Equal Opportunities and Child Protection.
- 11. The employer will provide a safe and healthy working environment which covers

Welfare facilities Emergency arrangements
Equipment Risk Assessments as necessary

Safe systems of work

- 12. The employer agrees to provide reasonable access for the purpose of monitoring the student.
- 13. In cases of accident or sickness occurring to the student whilst under the supervision of the Employer, the student will be allowed to use whatever first aid facilities the employer provides. The employer will notify EBP South without delay and arrange for appropriate action to be taken.
- 14. The employer will provide EBP South with an accident report, in writing, following any accident which causes injury to a student on work experience and will report the accident to the enforcing authority, if appropriate, within the time limit stipulated.

CHILD PROTECTION GUIDANCE FOR PLACEMENT PROVIDERS

For adults working with young people, particularly those still of compulsory school age, it is important to be aware of potentially difficult situations. By following the simple guidance outlined below it should be possible to ensure that the placement is a secure and productive environment for both the provider and the student.

Behaviour

Whilst it is important to reassure a young person who may be nervous in a new placement and reliant on your guidance, you should avoid being over familiar. Never permit 'horseplay' which may cause embarrassment or fear. Staff language and behaviour in the workplace needs to be compliant with company policy. Placement supervisors and students should be made aware of the expectations as part of the induction process. It is good practice to let students know if they have any concerns, who they should report these to.

Environment

Where possible avoid being on your own in an isolated or closed environment with a young person.

Touch

There may be occasions when you need to touch a young person (e.g. when you are guiding them in carrying out a technical operation) but these should be kept to a minimum.

Mentor

Those placed immediately in charge of young people should be competent in their work-role, mature in their attitudes, and, at the same time, be at ease with them and without favour or bias, regardless of the pupils age, culture, race, caste, disability, gender or sexuality, in line with the company's equal opportunities procedures.

Travel

Ensure that there is a known destination and check-in times with a third party in situations where a young person will be travelling alone with an adult during the placement. It is a good idea to make available a mobile phone (or equivalent) in such situations. Parental permission will be required.

Disclosure

Occasionally young people may disclose confidential information to a work colleague that gives rise to concern for their physical or emotional safety. In such situations you should speak to your line manager and share your concern with an appropriate representative of the education provider (usually this will be a school's work experience co-ordinator or the head teacher) or the Education Business Partnership (EBP).

Employers should seek advice in confidence from EBP about any problems with which they feel uncomfortable.

Disqualification

You are reminded that you are required by law to protect children from harm and that any employees are required, under the Criminal Justice and Court Services Act, to declare that they are disqualified from working with children.

DBS Disclosures

Anyone who will be supervising a person on work experience could require an Enhanced DBS Check if the person on work experience is under the age of 18 and particularly if a supervisor spends every day or long periods of time alone with that child under age 18.

Please note: Anyone who has 'supervision of young people' written into their job description is required by law to be DBS checked
