

Pupil Entitlement Statement

Our ambition is to create a unique learning environment where young people thrive. Kings' School delivers a stable yet progressive Careers, Employability and Enterprise programme, offering an extensive range of activities which promote career opportunities and develop the key essential skills required to achieve positive careers and succeed in life.

This is supported by a framework of impartial, personalised careers advice and guidance, delivered by our Level 6 qualified professional, ensuring all pupils receive expert advice at the time they need it.

We will provide you with the opportunity to:

- Understand the full range of education, training and career opportunities available
- Have the Cultural Capital (essential knowledge) and raised aspirations to be inspired about new opportunities and for future success
- Protected Characteristics
- Learn about careers and employability that will exist in an ever-changing world of work
- Develop essential skills for your future
- Choose options relevant to **your** own career plan
- Develop your understanding of how your learning can be applied in the work-place
- Have meaningful encounters with a range of providers including FE, HE, training providers and employers, to choose the best pathway for your career
- Complete work experience with an employer/organisation that you choose (in the workplace and/or virtually)
- Take part in real business, enterprise and employability challenges
- Start or join a real business and learn the skills needed to run a successful enterprise
- Get involved in social enterprise, community projects and volunteering opportunities
- Use the Careers Open Door Policy for impartial careers advice
- Receive one to one, personal and impartial careers guidance from our Level 6 qualified Adviser
- To evaluate and provide feedback on activity, including Future Skills Questionnaires
- **Pupil Voice** - to have a say in shaping future activity and provision
